EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Anthony Venturino on January 22, 2004.

The application has been amended as follows:

Delete claim 10 lines 1-16 "A method of use... Al balance", and replace with --A method of making the composite aluminium panel of claim 1--.

Delete claim 11 lines 1-13 "A method of use... balance Aluminium and inevitable impurities", and replace with --A method of making the composite aluminium panel of claim 5--.

In claim 32 line 1, change "The method of claim 31" to --A composite aluminium panel in accordance with claim 31--.

In claim 34 line 1, change "The method of claim 33" to --A composite aluminium panel in accordance with claim 33--.

2. The following is an examiner's statement of reasons for allowance: applicant's arguments and submission of a 1.132 declaration (filed December 15, 2003) has overcome the prima facie case, and the examiner agrees that the instant claims are allowable over the prior art of record. In particular, the examiner agrees that one of ordinary skill in the art would not be motivated to combine EP'900 with Sale and come up the instant invention (see arguments filed 12/15/03 esp. page 12-13, see also 1.132 Declaration).

Art Unit: 1742

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
